

Notes for a

New Normal

The UNCRC rights of the child are fully incorporated into Scots law.

As a young person it is your right to be heard.

What sort of Scotland do you want to see?

How can we build back better and more fairly for all Scotland's young people?

For a chance to win **prizes**- Highland Children and Young People's Forum, as part of our **Chat 4 Change** initiative, encourages you to send in your "notes" as a **written piece, podcast or video** explaining your ideas on what could be done to '**build back better and fairer**' as we recover from the pandemic.

To Enter the Competition:

If you are under 18 and live in the Highlands, **complete [an entry form](#) and send your 'notes' to Gillian Newman** by the end of November

Prizes: 1st and 2nd place prizes – vouchers for Highland activities – winners to be announced in January

Ideas💡:

What will build a better, fairer future for young people?

- *For your health and happiness*
- *For your education and learning*
- *For your family and community*
