

## Highland aims to be the best place to grow up

**Katie Morag loves living on the Isle of Struay**

**What do you love about where you live?**

**Imagine a place to live that you would love as much as Katie Morag loves Struay**

**What would that place be like?**

**Can you draw it or tell a story about it?**

### *Ideas to think about:*

*Why would you be happy there?*

*Where would you play?*

*What would school be like?*

*Who would be there with you?*

**Send us a drawing, story, photo, video or anything else and we will to reply to you:**
