

Highland aims to be the best place to grow up

Is it? What would need to change for it to become the best place?

When you are out and about with your child in your daily escape from lockdown, can you chat about what they love about where they live and what they might dream it could be?

You can take a photo or video of them playing. Or of their drawing. Videos and photos will not be shared without your consent. We want the story of how well Highland lives up to its aim.

Or share this...

Katie Morag loves living on the Isle of Struay

What do you love about where you live?

Imagine a place to live that you would love as much as Katie Morag loves Struay

What would that place be like?

Can you draw it or tell a story about it?

Or ask your child about **their** favourite character – what if he or she was moving in next to you? What would your child tell them about living here?

Send us a drawing, story, photo, video or anything else and we will reply:
